**WAM:** The money market fund's weighted average maturity (WAM) is an average of the effective maturities of all securities held in the portfolio, weighted by each security's percentage of net assets.

**WAL:** The money market fund's weighted average life (WAL) is an average of the final maturities (or where applicable the date of demand) of all securities held in the portfolio, weighted by each security's percentage of net assets.

**Effective Maturity Date:** Represents the next interest rate reset date, demand date or prerefunded date.

**Final Maturity Date:** Represents the maturity date utilized to calculate the WAL.

**Cash:** Non interest bearing FDIC account.

Fund holdings and allocations shown are unaudited, and may not be representative of current or future investments. Fund holdings and allocations may not include the Fund's entire investment portfolio, which may change at any time. Fund holdings should not be relied on in making investment decisions and should not be construed as research or investment advice regarding particular securities. Current and future holdings are subject to risk.

Percentages may not sum to 100% due to rounding.
