- (hereinafter jointly referred to as: “Funds”, and each separately: the “Fund”), hereby informs the shareholders/participants of the following:

On 1 October 2025, the prospectuses of the by Goldman Sachs Asset Management B.V. (“Manager”) managed Funds will be changed. By means of this notification, the Manager wishes to inform the shareholders/participants in these Funds about the content of the relevant changes.

The amendments listed below are a summary of the amendments to be made to the Prospectus. In addition, some additional minor and/or textual changes or clarifications will be implemented.

The amended prospectuses will be made available on the website of the Manager as of October 1st, 2025.

1. Changes related to portfolio management delegates (portfolio management delegates)

As of 30 September 2025, the portfolio management delegation agreement (portfolio management delegation) with Irish Life Investment Managers Limited was terminated for the aforementioned Funds. To reflect this change, the section “Outsourcing Management Activities” has been removed from the supplements of the prospectuses of the Funds mentioned above.

As of 1 October 2025, the portfolio management of the aforementioned Funds will be delegated to Goldman Sachs Asset Management International (“GSAMI”). GSAMI may in turn sub-delegate the portfolio management to Goldman Sachs Asset Management, L.P. (“GSAM LP”) and Goldman Sachs Asset Management (Singapore) Pte. Ltd (“GSAM Singapore”).

The delegation and sub-delegation relationships referred to are in accordance with the prospectuses of the aforementioned Funds, for which separate notifications have been made to the AFM.

The prospectuses of these Funds do not need to be amended to implement this amendment, as the prospectuses already contain sufficient text in the section “Outsourcing of management activities within Goldman Sachs”, which allows the delegation of portfolio management and sub-delegation to GSAM LP and GSAM Singapore.

The change related to this subject has been assessed by GSAM as non-material.

2. PCDs

In addition, the pre-contractual disclosures (PCDs) for the application of the SFDR will be changed to a limited extent with regard to the following funds:

1. Opkomende Markten Fonds (NL);
2. Enhanced Index Global Equity Fund I (NL);
3. Enhanced Index Global Small Cap Equity Fund (NL); and
4. Enhanced Index Emerging Markets Equity Fund I (NL).

These changes include removing the percentage of sustainable investments under the heading “What sustainability indicators measure the achievement of each of the environmental or social characteristics promoted by this financial product?” in the PCD of the aforementioned funds. These changes do not represent a change in the investment strategy and do not lead to an increase in the burden of the shareholders/participants of these funds.
