Past Performance

This chart shows the fund's performance as the percentage loss or gain per year over the last 0 year(s) against its benchmark. It can help you to assess how the fund has been managed in the past and compare it to its benchmark. Where past performance is not shown there is insufficient data to provide a useful indication of past performance.

- **Past performance is not a reliable indicator of future performance. Markets could develop very differently in the future. It can help you to assess how the fund has been managed in the past.**
- The Sub-Fund was launched in 20/12/2024. The share class was launched in 15/01/2025.
- Please be aware that past performance is not indicative of future performance which may vary.
- The past performance shown here takes into account all costs and fees, with the exception of entry and exit costs and costs for switching between funds.
