# What are the risks and what could I get in return ?

### **Risk-Indicator**

- market conditions are very unlikely to impact the Fund's capacity to pay you. The actual risk can vary significantly if you cash in at an early stage and you may get back less.
- You may not be able to cash in early. You may have to pay significant extra costs to cash in early.
- Be aware of currency risk when the currency of the Fund is different than the official currency of the Member State where the Fund is marketed to you. You will receive payments in a different currency than the official currency of the Member State where the Fund is marketed to you, so the final return you will get depends on the exchange rate between the two currencies. The risk is not considered in the indicator shown above.

# What happens if the Goldman Sachs Asset Management B.V. is unable to pay out?

You may not face a financial loss due to the default of the Manufacturer. The assets of the Fund are held in safekeeping by its depositary, Brown Brothers Harriman (Luxembourg) S.C.A. (the "Depositary"). In the event of the insolvency of the Manufacturer, the Fund's assets in the safekeeping of the Depositary will not be affected. However, in the event of the Depositary's insolvency, or someone acting on its behalf, the Fund may suffer a financial loss. However, this risk is mitigated to a certain extent by the fact the Depositary is required by law and regulation to segregate its own assets from the assets of the Fund. The Depositary will also be liable to the Fund for any loss arising from, among other things, its negligence, fraud or intentional failure properly to fulfil its obligations (subject to certain limitations as set out in the agreement with the Depositary). Losses are not covered by an investor's compensation or guaranteed scheme.

# How long should I hold it and can I take the money out early?

Recommended holding period: 1 year(s).

The Manufacturer considers this to be an appropriate period of time for the Fund to be able to implement its strategy and potentially generate returns. This is not a recommendation to redeem your investment after this time and while longer holding periods allow greater time for the Fund to implement its strategy, the outcome of any holding period with respect to investment returns is not guaranteed. Investors may redeem their shares on any Business Day (as defined in the Prospectus) by giving prior written notice as further described in the Prospectus. Redeeming your shares in the Fund before the recommended holding period may be detrimental in terms of your return and may increase the risks associated with your investment, which may lead to the realisation of a loss.

# How can I complain?

If you choose to invest in the Fund and subsequently have a complaint about it or the conduct of the Manufacturer or any distributor of the Portfolio, you should in the first instance contact the European Shareholder Services Team at Goldman Sachs Asset Management B.V. via email at ess@gs.com, by post Goldman Sachs Asset Management B.V., Prinses Beatrixlaan 35, 2595 AK, The Hague, The Netherlands or by consulting the following website, https://am.gs.com/en-int/advisors/contact
